Program Director/Program Manag

Grace Children's Home provides a home-like residential home for up to 25 youth who have been removed from their parental home due to abuse/neglect, or for minor law violations. Youth are typically wards of the State of Nebraska and are in the temporary custody of the NDHHS/OJS system. Appropriate youth who are referred stay an average of 9 months to one year and are age 12-18. Three cottages provide a home-like atmosphere for the youth and they attend the local public school. Individual, family and group counseling are available, for those requiring drug/alcohol and mental health counseling. We do not have access to IOP services, nor do we provide detention services, and we do not utilize overnight awake staff. Youth are integrated into the community and most youth are typically reunified with their parent.

Business Manager

LanguageLinc's mission is to facilitate communication between people of different countries and community by breaking down linguistic and cultural barriers. We offer various languages that reflect the ethnic diversity of our state. Oral communication becomes particularly heightened in medical, legal and specialized fields. In these areas, accurate communication of terms and thoughts are crucial for the complete rendering of care or service provided. Our interpreters undergo extensive training and independent assessment in the following areas: Language fluency in English and test language; interpreting skills; interpreting protocols; industry terminology and professionalism required for specific settings. Using LanguageLinc Interpreters promotes improved service delivery, access to services, and safeguards a company through compliance and risk management. An increasing number of governmental and regulatory compliance policies require health care facilities to have interpreters in place to ensure limited English speaking patients have the same access to quality services as do English speaking patients.

Social Services Director

Midwest Covenant Home provides housing for individuals who need rehabilitation or permanent long term living arrangements. We offer a continuum of independent, assisted and long term living areas. Rehabilitation services consist of PT, OT, and ST. Payment sources accepted include medicare, medicaid, long term care insurance, and private pay. Our facility is a registered Eden Alternative facility which promotes living in a home-like setting with caregivers who personally relate to our residents. Founded through the Covenant Church, MCH also strongly promotes a Christian-living environment.

Vocational Rehabilitation Tech

The services provided by NCBVI include, but are not limited to the following: Training in non-visual skills that allow full participation in life. Educational assistance such as tuition, books, equipment and readers. Vocational counseling and assistance in securing or maintaining employment. Occupational equipment, tools, and supplies. Peer support and counseling. Consultation services for agencies and community organizations which come into contact with blind persons. Individuals are eligible to receive services if they have a visual condition which may lead to blindness, or if their sight is so defective as to seriously limit their ability to engage in the ordinary vocations and activities of life. This typically means persons who experience difficulties invisually pursuing day-to-day activities and obtaining or maintaining employment.

Executive Director

The Lincoln Samaritan Counseling Center is a nationally accredited, faith-based program providing counseling services for persons within Lincoln and surrounding communities since 1987. Samaritan therapists are state licensed professionals with many years of experience in honoring the physical, emotional, and spiritual aspects of their clients concerns. The Center is a non-profit organization supported, in part, by local businesses, corporations, foundations, congregations, and individuals that understand and believe in the valuable services the Center contributes to our community.

Diversion Coordinator

Pretrial Diversion is a program for first time law offenders to keep them out of the court system and from having a record. If during their enrollment, certain issues are brought forward, discussed and added to the plan, help can be available regarding the noted resources on the following page. Diversion offers a communication class, parenting classes and a support group for parents. Decision making classes are also available. The Diversion program now operates the Bad Check Program for Seward County. This program offers a money management class. A new Truancy Program in effect since February 9, 2009 is also operated out of the Diversion office.

Tabitha offers a variety of health care services for older adults, elder living options and educational opportunities. Referrals to our services can be made at any time. Cherish the moment with Hospice of Tabitha! Support comes in many forms from Hospice of Tabitha. Our team of professionals serves you and your family when cure is no longer possible. We offer compassionate care, comfort and support and expertise in pain and symptom management. Tabitha has supported many Nebraskans with Hospice care since it introduced services in 1979. Each person is unique, with their own set of circumstances and desires for care. We place value, honor and respect on your wishes. Dignity, physical, emotional and spiritual support are keys components of our care.

Coordinator

York County Good Beginnings works to help the children in York County have a good beginning in life. It promotes early child health and safety, assures children arrive at school ready for success, and advocates for comprehensive, integrated programs for children. It provides parenting resources, family activities, workshops/seminars, parenting classes, and the First Steps Program which provides home visits, parenting educations, help with health issues, and other forms of family support.
